About Ray...

Semko's rapid-fire, no-nonsense approach focuses on the message: Americans need to be constantly vigilant and responsible for their own protection. He exposes America's adversaries, their targets and methods of operation, and reveals how to prevent these adversaries from exploiting our nation's security.

He motivates his audience to rededicate themselves to their families and jobs, to live with honor and integrity and to do the right thing when no one is looking. Semko's goal is to keep you and your family safe. When you are safe, secure, and strong, then America is also.
